

CEROIL UNLOCKER

Ceramic universal unlocker

PRODUCT

Concentrated multipurpose releaser with ceramics.

UTILITY

Releases and lubricates all the rusted and / or seized parts.

ADVANTAGES

- Lubricates quickly de-scaled parts.
- Protects against rust and corrosion.
- Excellent penetration due to the micronization of ceramics (3 μ)
- Removes traces of tar, rust and corrosive particles.
- Reduces noise (metal on metal).
- Decreases the cash seizure by temperature, moisture or rust.
- Does not attack rubber or plastics.
- Prevents adhesion of salts, dyes, powder, etc.

APPLICATION

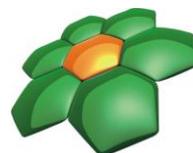

Shake before using

1. Spray the part to be treated.
2. Wait a few seconds.
3. Carefully clean the treated parts.

- Reapply the product for proper lubrication.
